**Project Value**  
**£26,000**

A Pirate themed Water Factory was installed to revitalise the pools beach area. The versatile features offer fun and excitement for children of all ages and abilities. The Water Factory comprises of a Waterball with 2 arms, as well as a span arm arch, which joins to a short mast. Both high and low level play will provide plenty of anticipation and surprises! There are a total of 23 active water points. It is anticipated that the play features will bring increased visitor numbers and revenue to the centre. An extra buzz will be brought to the pool by a pirate themed interactive toddler slide!

Expansion of the Water Factory is already being planned, as well as a refurbishment of the dated baby pool which will feature a selection of splash toys including interactive play panels.
